Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Ms. Fang Liu on September 1, 2004.

The application has been amended as follows:

- Claim 2, last line: the phrase "the protective sheet has satisfactory performance on curved surfaces" was replaced with: "when applied to curved surfaces, the protective sheet has substantially no wrinkles, prevents permeation of water, and is capable of protecting said paint film from colliding matter".

Reasons for Allowance

3. The present claims are deemed allowable over the references Miyahara et al. and/or Seth since the references fail to disclose or render obvious the unexpected superiority when applied to curved surfaces shown by the claimed invention.

While Miyahara et al. and/or Seth disclose tapes possessing similar structures to the claimed structure, Miyahara et al. and/or Seth fail to disclose tapes designed for protecting paint films of automobiles, especially with regard to curved surfaces.

Applicants' executed declaration filed January 23, 2004 provides clear evidence that the

Art Unit: 1773

tapes of Miyahara et al. and/or Seth fail to provide the claimed performance on curved surfaces and the prior art of record fails to teach or render obvious the necessary modification to achieve said performance.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
